Welcome Letter, from Michael Bergonzi

Hello everyone from WheatgrassGreenhouse.com! It just made sense to join my lists together. Growing wheatgrass and sprouts alongside a healthy detox seems to be a good idea these days. Most of you know I have spent the last 25 years of my life working for wellness centers all over the country (Hippocrates, Optimum, The Raw Food Institute) and, 3 months ago, opened my own place in Union City, MI 49094 called the **Vibrant Health Institute**, a place to unplug / unwind, detox, and rebuild your body as well as to promote VIBRANT living! This location is full of history! We now offer the best, most affordable cleanse in the U.S.! Also, the 10 day cleanse that changed my life!

SCROLL DOWN FOR DETAILS!

Yes, it's been a while since my last email. I really try to send something out once per month, but it's been a busy few months! From the Natural Product Expo West in Anaheim, CA with Andrew and the Healthy Juicer team, over to NY City for the New Life Expo, then teaching with Lisa Wilson at The Raw Food Institute in CT, and ending up in Toronto, CAN for the Total Health Expo... What a ride over the last two months!

Good news is that the weather is getting warmer here in MI! I want to thank my whole Vibrant Health team for keeping all our guests happy and healthy while I was away! Much love to Reenie (& Spike) Brewer, Linda Ilona Dietrich, Kristen Ulyas, and the amazing Chef Pat! Vibrant Health Institute has now been open just over 3 months and we are booking up full for May, June and July already, so if you have a deposit with us and want to come for the summer, please call us at least one month in advance so we can hold your room, or there may not be any space left! Please read below for everything that is happening now! Come and visit us and see you all soon!
